## CHAPTER 105

# SOLID WASTE CONTROL

105.01	Purpose	105.07	Littering Prohibited
105.02	Definitions	105.08	Open Dumping Prohibited
105.03	Sanitary Disposal Required	105.09	Toxic and Hazardous Waste
105.04	Health and Fire Hazard	105.10	Waste Storage Containers
105.05	Open Burning Restricted	105.11	Prohibited Practices
105.06	Separation of Yard Waste Required		

**105.01 PURPOSE.** The purpose of the chapters in this Code of Ordinances pertaining to Solid Waste Control and Collection is to provide for the sanitary storage, collection, and disposal of solid waste and, thereby, to protect the citizens of the City from such hazards to their health, safety and welfare as may result from the uncontrolled disposal of solid waste.

**105.02 DEFINITIONS.** For use in these chapters the following terms are defined:

1. "Collector" means any person authorized to gather solid waste from public and private places.
2. "Discard" means to place, cause to be placed, throw, deposit, or drop.

*(Code of Iowa, Sec. 455B.361[2])*

3. "Dwelling unit" means any room or group of rooms located within a structure and forming a single habitable unit with facilities that are used or are intended to be used for living, sleeping, cooking, and eating.
4. "Garbage" means all solid and semisolid, putrescible animal and vegetable waste resulting from the handling, preparing, cooking, storing, serving and consuming of food or of material intended for use as food, and all offal, excluding useful industrial by-products, and includes all such substances from all public and private establishments and from all residences.

*(IAC, 567-100.2)*

5. "Landscape waste" means any vegetable or plant waste except garbage. The term includes trees, tree trimmings, branches, stumps, brush, weeds, leaves, grass, shrubbery, and yard trimmings.

*(IAC, 567-20.2[455B])*

6. "Litter" means any garbage, rubbish, trash, refuse, waste materials, or debris.

*(Code of Iowa, Sec. 455B.361[1])*

7. "Owner" means, in addition to the record titleholder, any person residing in, renting, leasing, occupying, operating or transacting business in any premises, and as between such parties the duties, responsibilities, liabilities and obligations hereinafter imposed shall be joint and several.

8. "Refuse" means putrescible and non-putrescible waste, including but not limited to garbage, rubbish, ashes, incinerator residues, street cleanings, market and industrial solid waste and sewage treatment waste in dry or semisolid form.

(IAC, 567-100.2)

9. "Residential premises" means a single-family dwelling and any multiple-family dwelling.

10. "Residential waste" means any refuse generated on the premises as a result of residential activities. The term includes landscape waste grown on the premises or deposited thereon by the elements, but excludes garbage, tires, trade wastes and any locally recyclable goods or plastics.

(IAC, 567-20.2[455B])

11. "Rubbish" means non-putrescible solid waste consisting of combustible and non-combustible waste, such as ashes, paper, cardboard, tin cans, yard clippings, wood, glass, bedding, crockery, or litter of any kind.

(IAC, 567-100.2)

12. "Sanitary disposal" means a method of treating solid waste so that it does not produce a hazard to the public health or safety or create a nuisance.

(IAC, 567-100.2)

13. "Sanitary disposal project" means all facilities and appurtenances (including all real and personal property connected with such facilities) that are acquired, purchased, constructed, reconstructed, equipped, improved, extended, maintained, or operated to facilitate the final disposition of solid waste without creating a significant hazard to the public health or safety, and which are approved by the Director of the State Department of Natural Resources.

(Code of Iowa, Sec. 455B.301)

14. "Solid waste" means garbage, refuse, rubbish, and other similar discarded solid or semisolid materials, including but not limited to such materials resulting from industrial, commercial, agricultural, and domestic activities. Solid waste may include vehicles, as defined by Section 321.1 of the *Code of Iowa*. Solid waste does not include any of the following:

(Code of Iowa, Sec. 455B.301)

A. Hazardous waste regulated under the Federal Resource Conservation and Recovery Act, 42 U.S.C. § 6921-6934.

B. Hazardous waste as defined in Section 455B.411 of the *Code of Iowa*, except to the extent that rules allowing for the disposal of specific wastes have been adopted by the State Environmental Protection Commission.

C. Source, special nuclear, or by-product material as defined in the Atomic Energy Act of 1954, as amended to January 1, 1979.

D. Petroleum contaminated soil that has been remediated to acceptable State or federal standards.

E. Steel slag which is a product resulting from the steel manufacturing process and is managed as an item of value in a controlled manner and not as a discarded material.

**105.03 SANITARY DISPOSAL REQUIRED.** It is the duty of each owner to provide for the sanitary disposal of all refuse accumulating on the owner's premises before it becomes a nuisance. Any such accumulation remaining on any premises for a period of more than thirty (30) days shall be deemed a nuisance and the City may proceed to abate such nuisances in accordance with the provisions of Chapter 50 or by initiating proper action in district court. (*Code of Iowa, Ch. 657*)

**105.04 HEALTH AND FIRE HAZARD.** It is unlawful for any person to permit to accumulate on any premises, improved or vacant, or on any public place, such quantities of solid waste that constitute a health, sanitation or fire hazard.

**105.05 OPEN BURNING RESTRICTED.** No person shall allow, cause or permit open burning of combustible materials where the products of combustion are emitted into the open air without passing through a chimney or stack without first obtaining a permit and conducting such burning in accordance with the *Uniform Fire Code*.

**105.06 SEPARATION OF YARD WASTE REQUIRED.** All yard waste shall be separated by the owner or occupant from all other solid waste accumulated on the premises and shall be composted or burned on the premises or placed in acceptable containers and set out for collection. As used in this section, "yard waste" means any debris such as grass clippings, leaves, garden waste, brush, and trees. Yard waste does not include tree stumps.

**105.07 LITTERING PROHIBITED.** No person shall discard any litter onto or in any water or land, except that nothing in this section shall be construed to affect the authorized collection and discarding of such litter in or on areas or receptacles provided for such purpose. When litter is discarded from a motor vehicle, the driver of the motor vehicle shall be responsible for the act in any case where doubt exists as to which occupant of the motor vehicle actually discarded the litter.  
(*Code of Iowa, Sec. 455B.363*)

**105.08 OPEN DUMPING PROHIBITED.** No person shall dump or deposit or permit the dumping or depositing of any solid waste on the surface of the ground or into a body or stream of water at any place other than a sanitary disposal project approved by the Director of the State Department of Natural Resources, unless a special permit to dump or deposit solid waste on land owned or leased by such person has been obtained from the Director of the State Department of Natural Resources. However, this section does not prohibit the use of rubble at places other than a sanitary disposal project. "Rubble" means dirt, stone, brick, or similar inorganic materials used for beneficial fill, landscaping, excavation, or grading at places other than a sanitary disposal project. Rubble includes asphalt waste only as long as it is not used in contact with water or in a flood plain. For purposes of this section, rubble does not mean gypsum or gypsum wallboard, coal combustion residue, foundry sand, or industrial process wastes unless those wastes are approved by the State Department of Natural Resources.

(*Code of Iowa, Sec. 455B.301, Sec. 455B.307 and IAC, 567-100.2*)

**105.09 TOXIC AND HAZARDOUS WASTE.** No person shall deposit in a solid waste container or otherwise offer for collection any toxic or hazardous waste. Such materials shall be transported and disposed of as prescribed by the Director of the State Department of Natural Resources. As used in this section, "toxic and hazardous waste" means waste materials, including (but not limited to) poisons, pesticides, herbicides, acids, caustics, pathological waste, flammable or explosive materials, and similar harmful waste that requires special handling and that must be disposed of in such a manner as to conserve the environment and protect the public health and safety.

(IAC, 567-100.2)

(IAC, 567-102.13[2] and 400-27.14[2])

**105.10 WASTE STORAGE CONTAINERS.** Every person owning, managing, operating, leasing, or renting any premises, dwelling unit or any place where refuse accumulates shall provide and at all times maintain in good order and repair portable containers for refuse in accordance with the following:

1. Container Specifications. Waste storage containers shall comply with the following specifications:
  - A. Residential. Residential waste containers, whether they are reusable, portable containers or heavy-duty disposable garbage bags, shall be of sufficient capacity, and leak-proof and waterproof. Disposable containers shall be securely fastened, and reusable containers shall be fitted with a fly-tight lid that shall be kept in place except when depositing or removing the contents of the container. Reusable containers shall also be lightweight and of sturdy construction and have suitable lifting devices.
  - B. Commercial. Every person owning, managing, operating, leasing or renting any commercial premises where an excessive amount of refuse accumulates and where its storage in portable containers as required above is impractical, shall maintain metal bulk storage containers approved by the City.
2. Storage of Containers. Residential solid waste containers shall be stored upon the residential premises. Commercial solid waste containers shall be stored upon private property, unless the owner has been granted written permission from the City to use public property for such purposes. The storage site shall be well drained and fully accessible to collection equipment, public health personnel, and fire inspection personnel. All owners of residential and commercial premises shall be responsible for proper storage of all garbage and yard waste to prevent materials from being blown or scattered around neighboring yards and streets.
3. Location of Containers for Collection. Containers for the storage of solid waste awaiting collection shall be placed at the curb or alley line by the owner or occupant of the premises served. Containers or other solid waste placed at the curb line shall not be so placed more than twenty-four (24) hours in advance of the regularly scheduled collection day and shall be promptly removed from the curb line following collection.
4. Nonconforming Containers. Solid waste placed in containers that are not in compliance with the provisions of this section will not be collected.

**105.11 PROHIBITED PRACTICES.** It is unlawful for any person to:

1. Unlawful Use of Containers. Deposit refuse in any solid waste containers not owned by such person without the written consent of the owner of such containers.
2. Interfere with Collectors. Interfere in any manner with solid waste collection equipment or with solid waste collectors in the lawful performance of their duties as such, whether such equipment or collectors be those of the City, or those of any other authorized waste collection service.
3. Incinerators. Burn rubbish or garbage except in incinerators designed for high temperature operation, in which solid, semisolid, liquid, or gaseous combustible refuse is ignited and burned efficiently, and from which the solid residues contain little or no combustible material, as acceptable to the Environmental Protection Commission.
4. Scavenging. Take or collect any solid waste that has been placed out for collection on any premises, unless such person is an authorized solid waste collector.

## CHAPTER 106

### COLLECTION OF SOLID WASTE

106.01	Collection Service	106.06	Right of Entry
106.02	Collection Vehicles	106.07	Contract Requirements
106.03	Loading	106.08	Unit Based Charges
106.04	Frequency of Collection	106.09	Lien for Nonpayment
106.05	Bulky Rubbish		

**106.01 COLLECTION SERVICE.** The collection of solid waste within the City shall be by private contract with collectors. Any person who establishes residency in the City shall have five (5) days after establishing such residency to sign up with a solid waste collector and shall provide the City with written verification of establishing the collection service.

**106.02 COLLECTION VEHICLES.** Vehicles or containers used for the collection and transportation of garbage and similar putrescible waste or solid waste containing such materials shall be leak-proof, durable and of easily cleanable construction. They shall be cleaned to prevent nuisances, pollution, or insect breeding and shall be maintained in good repair.

*(IAC, 567-104.9[455B])*

**106.03 LOADING.** Vehicles or containers used for the collection and transportation of any solid waste shall be loaded and moved in such a manner that the contents will not fall, leak, or spill therefrom, and shall be covered to prevent blowing or loss of material. Where spillage does occur, the material shall be picked up immediately by the collector or transporter and returned to the vehicle or container and the area properly cleaned.

**106.04 FREQUENCY OF COLLECTION.** All solid waste shall be collected from residential premises at least once each week and from commercial, industrial and institutional premises as frequently as may be necessary, but not less than once each week.

**106.05 BULKY RUBBISH.** Bulky rubbish that is too large or heavy to be collected in the normal manner of other solid waste may be collected by the collector upon request in accordance with procedures established by the Council.

**106.06 RIGHT OF ENTRY.** Solid waste collectors are hereby authorized to enter upon private property for the purpose of collecting solid waste, as required by this chapter; however, solid waste collectors shall not enter dwelling units or other residential buildings.

**106.07 COLLECTOR'S LICENSE.** No person shall engage in the business of collecting, transporting, processing or disposing of solid waste other than waste produced by that person within the City without first obtaining from the City an annual license in accordance with the following:

1. Application. Application for a solid waste collector's license shall be made to the Clerk and provide the following:
  - A. Name and Address. The full name and address of the applicant, and if a corporation, the names and addresses of the officers thereof.
  - B. Equipment. A complete and accurate listing of the number and type of collection and transportation equipment to be used.
  - C. Collection Program. A complete description of the frequency, routes and method of collection and transportation to be used.
  - D. Disposal. A statement as to the precise location and method of disposal or processing facilities to be used.
2. Insurance. No collector's license shall be issued until and unless the applicant, in addition to all other requirements set forth, shall file and maintain with the City evidence of satisfactory public liability insurance covering all operations of the applicant pertaining to such business and all equipment and vehicles to be operated in the conduct thereof in the following minimum amounts:

Bodily Injury:	\$100,000 per person. \$300,000 per occurrence.
Property Damage:	\$ 50,000.

Each insurance policy required hereunder shall include as a part thereof provisions requiring the insurance carrier to notify the City of the expiration, cancellation or other termination of coverage not less than ten (10) days prior to the effective date of such action.

3. License Issued. If the Council upon investigation finds the application to be in order and determines that the applicant will collect, transport, process, or dispose of solid waste without hazard to the public health or damage to the environment and in conformity with law and ordinance, the requested license shall be issued to be effective for a period of one year from the date approved.
4. License Renewal. An annual license may be renewed simply upon payment of the required fee, provided the applicant agrees to continue to operate in substantially the same manner as provided in the original application, and provided the applicant furnishes the Clerk with a current listing of vehicles, equipment, and facilities in use.
5. License Not Transferable. No license authorized by this chapter may be transferred to another person.
6. Owner May Transport. Nothing herein is to be construed so as to prevent the owner from transporting solid waste accumulating upon premises owned, occupied or used by such owner, provided such refuse is disposed of properly in an approved sanitary disposal project.
7. Grading or Excavation Excepted. No license or permit is required for the removal, hauling, or disposal of earth and rock material from grading or excavation activities; however, all such materials shall be conveyed in tight vehicles, trucks or

receptacles so constructed and maintained that none of the material being transported spills upon any public right-of-way.

**106.08 COLLECTION FEES.** The charges for residential customers shall be unit based and calculated on the number of containers collected each week. A special sticker shall be required on collection bags or containers over the limits of three (3) allowable per week. Garbage cans or containers and disposable garbage bags shall not exceed more than forty (40) pounds each and not to exceed ninety-five (95) gallons in total.

*(Ord. 1305, passed 4-21-2014)*

**106.09 LIEN FOR NONPAYMENT.** Except as provided for in Section 92.07 of this Code of Ordinances, the owner of the premises served and any lessee or tenant thereof are jointly and severally liable for fees for solid waste collection and disposal. Fees remaining unpaid and delinquent shall constitute a lien upon the premises served and shall be certified by the Clerk to the County Treasurer for collection in the same manner as property taxes.

*(Code of Iowa, Sec. 384.84)*
